

ATTENTION!

Before requesting a Baptism or Marriage certificate belonging to your ancestor, the following data is required for research by the Diocesan Historical Archive:

- name and surname of the ancestor;
- place of birth (country or parish);
- full address of the applicant in order to send the requested documents by Registered letter with return receipt;
- scan of the applicant's valid identity card.

Our Archive only holds certificates from 1815 to 1865: for those after 1865 please contact the parish priests directly or to the City Hall of birth.

- The user is informed by email of the positive outcome of the search and, simultaneously, the amount to be paid (cost of the registered letter and Registry charges of € 15); the user is also asked to confirm by e-mail the payment by scanning the payment document.
- Once verified that the payment has been received by the Bursar office, the envelope with the certificate can be sent.
- Payment must be paid by bank transfer or Paypal.
